### CERT NEWS

In September, Cert will be introducing a New Cert Online Training. This course is free. We feel this would be an advantage to those who work or attend school. Participants will be able to access the training on their mobile device or computer.

Participants complete the course at their own pace and convenience. The online course takes 9 hrs and then the in person practical training part takes another 16 hrs. After completion, training will be followed up by in-person hands on practical training by Certified Cert Team members. This consists of splinting, bandaging, recognizing the three killers and treating each one; search and rescue techniques and fire suppression safety. Cert hopes you will take advantage of this training and join the Cert Team.

For on line web site or more information contact [cvalentine@clintoncity.com](mailto:cvalentine@clintoncity.com) or 801 614 0854 leave a message.

### SCHOOL IS BACK IN SESSION

Please make sure you obey speed limits. There will be many children throughout the city walking to and from our schools. Please slow down and pay attention to posted speed limits and the cross walks, especially when there are flashing lights. The children are excited to return to school and we drivers need to follow the law to help the kids get to their destination safely. Thank you!

### A MESSAGE FROM PUBLIC WORKS

Door hangers for tree/shrub trimming have been being distributed in conjunction with Clinton City Ordinance 25-16-5 "Height Limitations on Park Strip Vegetation". This ordinance identifies that some of the most important reasons for keeping trees trimmed away from the street are to allow access by the street sweeper and snow plows. Trees that are hanging in the streets could cause damage to these vehicles. Areas where there are trees hanging too low will not be swept or plowed. Also it is important to be able to see all regulatory (Stop) and caution signs for safety purposes.

Trees should not overhang the curb in the street twelve (12) feet or the sidewalk eight (8) feet. Please give Public Works a call with questions or concerns on this matter at 801-614-0870 Monday thru Friday from 7 am to 3:30 pm.

Also, please report concerns about lights on the Clinton City website at [www.clintoncity.net](http://www.clintoncity.net) or contact the Public Works Department at 801-614-0870. Thank you!!

**Fall Clean up** is scheduled for Sat, Oct 27 from 8 am to 1 pm at the Clinton Public Works Shop 1711 W 1800 N. Please call 801-614-0780 with questions. Proof of residency may be required.

The Davis and Weber Counties Canal Company (D&W) will be installing a 42" secondary water line in 1300 North from the D&W Sunset Reservoir near Main Street in Sunset to 925 West in Clinton. This project is needed due to current and future water demands in the D&W service area. Motorists should expect road closures and detours through the end of the year. If travel is time sensitive, motorists are advised to avoid the area or take the signed detour routes. Residents with questions or concerns can contact the project public information team at (801) 719-9726 or at [zrogich@jub.com](mailto:zrogich@jub.com).
