NOTICE OF 2021 BUSINESS LICENSE RENEWAL

*Business licenses for the 2021 business year expired on December 31, 2020. For convenience, renewal applications were mailed in November. Late fees will be assessed to all applications not turned in prior to the February 1, 2021 deadline.

If you are no longer operating a business please notify our office at (801) 614-0740, so we can close your file.

All businesses are required to submit a renewal application even if the fee exemption qualification is met.

A MESSAGE FROM PUBLIC WORKS

Public Works will begin taking reservations for the community dumpsters for the months of March, April and May on February 1st. Reservations for Clinton residents will be accepted on a first come first serve basis, call 801-614-0870 to make reservations.

The Davis County Retired & Senior Volunteer Program (RSVP) has volunteer opportunities for those 55 and older. Volunteering is a great way to stay active, social and have a positive impact in the community. There are a number of volunteer options available. For more information contact Jennifer Chaffee at 801-525-5094 jchaffee@co.davis.ut.us or Jackie Smith at 801-525-5094 jmsmith@co.davis.ut.us.

BROADBAND SURVEY

The City of Clinton is dedicated to finding the best solution for a strong broadband infrastructure, which will help us responsibly fulfill our future technological needs. Please help us assess the community's needs by completing a short survey.

A MESSAGE FROM DAVIS & WEBER COUNTIES CANAL COMPANY

The past 2020 water season was relatively an average snowpack and a very hot and dry summer. The year ended with low storage and the current winter is not producing the snow we need. Currently we are in a D3 Extreme Drought condition. We hope Mother Nature will bring much more snow and precipitation to the mountains and the valley as we gear up for another water season. If not, we may have water restrictions and could end the water season early in 2021 (often Oct. 1 in drought situations).

We continue to encourage efficient use of the water and to conserve where possible. Please adjust your watering based on the weather. Strive to only water your yard based on its 'need'. The State website (<http://www.conservewater.utah.gov/>) states "the typical Utah household will use twice as much water outside as necessary." We encourage all users to reference the State website for their weekly watering guide. The State has also updated their regional conservation goals (<https://water.utah.gov/regional-conservation-goals/>). If you're interested in getting a rebate for smart controllers and other water efficient fixtures, see <https://utahwatersavers.com/>. Another potential measure is to delay any landscape projects that may require additional watering.

The State requires meters on all new secondary water services and we have begun to retrofit existing services with meters. We are sending water use reports to those with meters in an effort to better educate the end user and better manage our limited water resources. Please contact (meters@davisweber.org) and provide an email address so the report can be sent to you monthly.

Thank you in advance for your wise water use efforts this upcoming water season, we want to continue the state ethic of efficiently using water. Check our website, www.davisweber.org, for further updates or restrictions. Remember to ensure your system is secure and ready for service by March 29th prior to us pressurizing the system. Often there is no need to water until May.
