A Message from Public Works about Snow Plows

Winter is on the way. The City Code requires that "All shrubs and trees shall be pruned to permit plain view of regulatory and caution signs, utility accesses, and so that they do not overhang the curb in the street twelve (12) feet or sidewalk eight (8) feet." Please get your trees and shrubs trimmed now before it gets too cold so that the snow plows can plow your streets this winter. If you have questions call 801-614-0870, Mon. – Fri. 7 am to 3:30 p.m.

In regards to the snow plows, please remember a typical storm in Utah passes through leaving up to 6" of snow and then clears out; allowing plow crews to make one pass through the city followed by the salt trucks which usually clear the roads before the temperatures drop. However, during an extended storm everything changes! Many of the streets that were plowed first will be covered with several inches of new snow and as the storm continues the snow gets packed on the streets by traffic then when the temperatures drop, it makes it impossible for the plows to remove the remaining snow. Salt has an effective temperature range in which it will melt the ice but, if it is applied in low temperatures it will not work. Plow trucks cannot cut ice from the pavement.

Please keep in mind that the streets will normally be plowed to provide better access to the higher traveled streets (collector roads) first, with special attention to hills and difficult intersections.

Winter driving can be unpredictable. Please pay attention to road conditions, be patient and drive safely. Thank you!!

Also, in the winter months, it's especially important to keep snow cleared from fire hydrants to prevent delay of fire services.

A MESSAGE FROM THE WATER DEPARTMENT:

The Water Department is continuing to install dual check devices at residential locations that currently don't have them. Please remember to check your household plumbing to make sure it is equipped with a thermal expansion tank to prevent any problems that may arise from the installation of these devices. Thank you!

NOW OPEN IN CLINTON CITY

Shaw Dance Studio / Preschool
916 West 1800 North

Applications are
available on the
City Website or at
the Recreation
Department*

YOUTH COUNCIL NEWS

This past October the Clinton City Youth Council had some wonderful opportunities; they helped out at the Clinton City Fire Department open house on the 3rd, participated in the Share Walk which is a walk to support the loss of children and/or infants, which was great way to get out in the community; and on October 30th the youth council participated in the Clinton City Pumpkin Walk.

Plans for November include the Ogden Light Parade on the 25th the Saturday after Thanksgiving! This parade is a fun way to get ready for the holiday season! The parade will include floats with bright lights, performers, and an appearance from Santa Clause!

The youth council can't wait to continue providing help in the community, and they encourage everyone to get out and enjoy the many community activities!
